[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO DEC. 16.

WASHINGTON CITY.

Handsome Speech by Attorney General Williams.

WASHINGTON, Dec. 15.—This evening a large number of gentlemen from the Pacific coast, including members of Congress, called upon Mr. Williams, recently appointed Attorney General, to tender their congratulations. Mr. Williams spoke as follows:

"I promise all whom it may concern that when I am placed at the head of the Department of Justice in this Government, so far as the jurisdiction of that Department may go, its mandates will be dispensed without fear or favor, with equal vigor and respect for all classes and conditions of men. I know not what there may be in the clamor now made about official delinquencies in Federal offices, but so far as exposure and prosecution of such delinquencies devolves upon the Department of Justice, no partisan consideration will have weight, and no pains will be spared to bring the guilty to speedy, condign punishment. I deeply regret that in some portions of the country a spirit of lawlessness seems to prevail. I will favor every consideration of kindness to induce obedience to law; but if no other means will answer, then I am for using the whole power of the country in the most vigorous and effective manner to crush out conspiracy against the peace of society and the safety of unoffending citizens. Governments were primarily established to protect the weak against the strong, and if this Government fails to perform its functions in that respect it has a poor claim to the support and loyalty of its citizens. No one in sight of recent events in New York or elsewhere can take office now and escape the vigilant eye of the people, and nothing but a complete and upright devotion to duty will give general satisfaction. I shall struggle to meet the popular demands as well as to meet the expectations of my friends, with how much success time and events will determine. I have the honor to be the first Cabinet officer taken from the Pacific coast—California, Nevada, Oregon, and the Territories of the far West may now consider themselves recognized and represented in every branch of the Government. I do not affect indifference to party matters, because I have been elected to office. I belong to the Republican party. I believe in its principles and politics, and I have a profound conviction that its ascendency for some time to come is necessary to the preservation of peace and enforcement of law. Subordinate to my official obligations, everything that I can reasonably and honorably, I shall earnestly do to secure its triumph in the next Presidential election."

Miscellaneous Washington News.

WASHINGTON, Dec. 15.—A dispatch to-day states that Charles Mellen, of the firm of Mellen, Ward & Co., who was in 1860 convicted of fraud against the Government and sentenced to five years' imprisonment and to pay a fine of $100,000, has been pardoned by President Grant.

The President has recognized J. H. Riley, the well known Washington correspondent, as Consul General for the free States of South America.

EASTERN STATES.

Tweed Arrested on a Charge of Felony, and Released on $5,000 Bail.

NEW YORK, Dec. 16.—Yesterday afternoon the grand jury unfinished four indictments to the Court of General Sessions. Recorder Hackett, on examining the first of them, found it directed against William M. Tweed, charged with the crime of felony. On further examination of the other indictments they were for the same crime found against him. District Attorney Garvin notified Charles O'Conor after the close of the Court, and the two called upon Recorder Hackett and applied for a bench warrant for the arrest of Tweed, which was granted, no bail being mentioned. At O'Conor's request the District Attorney will not accept bail unless acceptable to O'Conor. It is understood the proceedings are based upon affidavits made by Keyser, who is reported to have been promised immunity on any prosecution that may be instituted, on condition that he would bring definite charges against the suspected officials. Keyser came from South Carolina, where he has been staying for the benefit of his health. Tweed was not in his office in the Department of Public Works when the Sheriff called to serve the writ upon him. The Sheriff and his Deputy drove to the Metropolitan Hotel, where Tweed was. In the mean time he had not the slightest suspicion of what had been done, and was in his private parlor. The Sheriff at half-past five formally arrested Tweed and placed him in the custody of his Deputies. The affair was kept a secret, and did not become known until early this morning. Tweed went in search of the Recorder to have himself bailed, but could not find him. Tweed was confined a prisoner during the night at the Metropolitan Hotel. He will be arraigned in the Court of General Sessions at 11 o'clock to-day, and the question of bail will be settled. Charles O'Conor will appear on behalf of the people, associating himself with District Attorney Garvin. They will make a powerful effort to prevent the release of the culprit on insignificant bail.

LATER.—Judge Barnard has just granted a writ of habeas corpus to bring Tweed before him immediately on a motion that bail be allowed.

LATER.—Tweed was brought before Judge Barnard on a writ of habeas corpus and admitted to bail in the sum of $5,000.

Later New York News.

NEW YORK, Dec. 16.—Avona Denney, an American girl seventeen years of age, has made a successful debut in an opera in Italy.

The Prince of Wales Recovering.

LONDON, Dec. 15, 6 P. M.—The latest from Sandringham is to 6 o'clock P. M. The Prince has been resting all the afternoon. The course of the fever continues favorable. The Queen will return to Windsor to-morrow. This bulletin was read with great cheering wherever posted up, and received with profound feelings. Relief prevails in all quarters.

1:30 P. M.—An official report from Sandringham at 1 P. M. says the Prince had some quiet sleep to-night.

The Prince progresses so well that it is proposed that Princess Arthur and Leopold and Princess Beatrice shall leave Sandringham to-day for Windsor Castle. Prince Alfred will soon follow.

Holland Cedes Sumatra to Great Britain.

HAGUE, Dec. 16.—The Second Chamber of States General have adopted the treaty of the recent negotiations with Great Britain for the transfer of Sumatra to the latter power.

French Affairs.

PARIS, Dec. 15.—The Committee of Assembly, charged with the consideration of the measures looking to the transfer of the seat of Goverment from Versailles, held its session to day and was addressed at length by Thiers in favor of its return to Paris.

NEW YORK, Dec. 16.—A dispatch from Paris says an interview was held between Thiers and the Orleans Princes of an unfriendly character. Thiers complained that the Duc d'Aumale had not strictly observed the previous agreement, as he endeavored to interest Generals in his favor. d'Aumale denied this. Thiers said: "I know you have visited many Generals who are members of the Assembly, with a view to obtain their support. I doubt not your aim is patriotic. I was surprised on discovering that you also made similar visits to many of the subordinate Generals." The Duc answered evasively, and terminated the interview with a declaration that he would now take the advice of his friends—not so to whether he shall take his seat, but only with reference to the proper time for doing so. General Bourbaki told d'Aumale that only a Republic or Empire was competent to restore France. He should serve no other regime. The Orleans plan is for the Right to take advantage of Thiers' impatience, and at the first opportunity to force his resignation, and make the Duc d'Aumale President, and follow it with a declaration proclaiming Count de Chambord King, Count de Paris heir to the throne, and Duc d'Aumale Lieutenant General.

The Louisville million dollar lottery is being drawn to-day, as a special dispatch states.

The special assessment on the Union and Firemen's Fund Insurance Companies' stock to make good losses by the Chicago fire was nearly all paid up to-day, and there will probably be no stock in either company sold on Monday.

Prof. Marsh, of the Yale College exploring party, who has been spending the season on the Pacific coast, sailed for the East on the *Constitution* to-day.

It is believed that the vessel sunk off Gold Bluff on the 10th inst., bottom up, as reported by the *Concordia* to-day, was the bark *Live Yankee*, from Portland or the schooner *Amanda Agar*, from Humboldt—both missing so long as to be supposed lost. The sea was so rough that the *Concordia* was unable to go along side to ascertain the name of the wreck.

Homicide near Stockton.

STOCKTON, Dec. 16.—Williams, who shot and killed Bonds, at Mokelumne Station, was examined before Justice Brown to-day, and held to answer before the next Grand Jury in the sum of $2,000, and being unable to procure sureties was lodged in jail.

Fatal Accident at Petaluma.

PETALUMA, Dec. 16.—Mr. J. N. Stewart, a hardware merchant of this place, met with a shocking accident last night, which will undoubtedly prove fatal. Having been in attendance on his sick wife, he went to bed late, and while asleep, it is supposed, he got up and walked out of the window, missing it for the door, falling fifteen feet to the ground and breaking his back.

ARIZONA.

Indian Matters—Rich Mines Discovered.

LOS ANGELES, Dec. 16.—The Arizona *Miner* dated Prescott, 9th, confirms the previous report that Chichise, the Apache chief, has come in upon the reservation at Canada Almosa. He remains at the extreme western limit, ready for flight at any moment.

The trial of Wainwright for the murder of Robert Landon ended on Saturday morning. The jury brought in a verdict of guilty.

The discovery of new silver ledges on Gila creeks causes great excitement in that vicinity. Bismarck silver mine, one of the new discoveries, has been sold to San Francisco.

A report reaches Prescott on the 6th that the Apaches are moving on Camp Verde reservation.

Orders from headquarters to wage war on the hostile Indians is joyfully received throughout Arizona.

The paying mine lost unfinished yesterday on Bay District Park was concluded to-day. The first heat was won by Trider; time, 2:43. Second heat do., 2:42—Dick Gough losing both heats and the race by breaking at the last quarter. The second race between Espanola and the black stallion, Richmond, half-mile and repeat, was won easily in two straight heats by Richmond, in 55 and 53 seconds. Espanola had been the favorite two to one in the pools, and his backers lost heavily. The third race, between Sam Quentin and Silverheels, five miles out, was won in 16:2 by Silverheels.

There was a small turn-out to meet A. A. Sargent (caucus nominee for U. S. Senate) at the wharf on his arrival from Sacramento. The party proceeded to the Cosmopolitan Hotel, where torches were lighted and rockets sent up. A large crowd soon gathered and were briefly addressed by the recipient of the demonstration. He pledged himself to urge on Congress the establishment of a Government building on the vacant lot next the Custom House on Washington, Jackson and Sansome streets, for the accommodation of officials, for which $50,000 is now paid in office rents annually. He said he would endeavor to serve the State of California in all her interests faithfully, and give the people of the State no ground for regretting that their choice has fallen where it did.

OREGON.

Lost week in Lane county a man who was over sixty years of age took out a marriage license.

Judge Wilson, of the Dalles, has sold his property at Salem, a half block, with brick dwelling, for $4,500.

A new bridge is to be built on the Coast Fork of the Willamet on the road from Pleasant Hill to Eugene City.

Miss Ellen Chamberlain, of Salem, is instructing a class of Chinese, who make wonderful progress in English.

The Cumberland Presbyterian Church at Salem was dedicated yesterday (Sunday). Rev. A. W. Sweeney officiated.

R. H. Sullivan has been sentenced at Eugene to two years imprisonment in the penitentiary for attempting to pass a forged check.

At Canyon City, Grant county, a fire company has been organized and water works constructed, at a cost of $5,000. The town has been rebuilt, and looks better than ever before.

The *Statesman* says that William Parrot, a youth of Salem, is a natural artist and has produced many sketches of merit. It hopes he will have an opportunity to test his talents.

Junction City, the place where the east and west side railroads are to meet, is in Lane county, about fourteen miles north of Eugene. The *Guard* says it has good prospects for becoming a large town. There are about fifty buildings, where there was but one three months ago. It has two large warehouses, three firms which deal in general merchandize, three saloons, a blacksmith shop, livery stable and meat market. Mr. N. Gilmore, recently from Harrisburg, has erected a large building for a hotel, and will shortly be able to furnish his patrons with first class accommodations. During last week five new buildings were commenced, and many who desire to build are unable to do so, owing to the difficulty in obtaining lumber. The demand for lots is unabated and the Company has increased the price from $150 to $250.

A Southern paper having discussed the question propounded by a New York paper, "Shall the next President of the United States be a woman?" concludes as follows: "We nominate Power's Greek Slave. She has three of the qualifications, at least—a marble brow, a finely chiseled nose, and a silent tongue."

EASTERN STATES.

The New York Thieves.

NEW YORK, Dec. 16.—Excitement is great around City Hall and among local politicians over the action of the grand jury and the arrest of Tweed. It is understood that indictments have been found against twenty or more persons, among whom, it is said, are men not heretofore known as being connected with frauds and ballot-box stuffing. It is stated that two indictments were found against Thomas C. Fields and one or more against other parties connected with the City Park management. It has also leaked out that James M. Sweeny has been indicted for felony, and that proofs against him are stronger than against Tweed. An indictment is reported to have been found against one notorious fellow who voted 500 repeaters at the last election. A well known Police Judge has also been indicted for his connection with ballot-box stuffing. The grand jury expect to get through with their labors on Tuesday next, when thirty or forty arrests in dictments are expected to make their appearance. The anxiety is very great as to the expected developments, and greater excitement than any heretofore created is anticipated when the facts are all made known. When Tweed appeared in the Court of Sessions to-day he looked pale and dejected. He tried vainly to smile pleasantly when a friend grasped his hand. His face had all the appearance of a man who was completely scared, and an air of pleasantness he tried to assume made him look more ghastly. Politicians of all classes are densely crowded in the Court. As Tweed entered the court-house cheers for him were commenced, and many who desire to build were drowned. Upon the entry of Mr. O'Conor he was cheered. The people's counsel was greatly surprised when Judge Belford announced that the prisoner was committed without bail. Goodman at once denied the right of the court to commit him in that manner. A writ of habeas corpus was granted by Judge Barnard. Tweed on his way to the city prison was forthwith escorted to the Supreme Court room where an excited crowd gathered. A detachment of police was called upon to keep order. After argument of counsel Judge Barnard said that it would never do to refuse to admit a man to bail charged with criminal offences. This charge is of the highest offence but he saw nothing to justify any departure from ordinary proceedings. He therefore ordered that he be bailed in the sum of $5,000. Alfred B. Sands was accepted as sole bondsman.

Connolly's case was not called in the Criminal Court this morning.

It is stated that the Mansfield-Fisk libel suit was postponed to-day in the Yonkers circuit two weeks on account of the illness of M

The Daily Oregonian.

MONDAY MORNING, DEC. 18, 1871.

Death of Sheriff Bills.

We have to announce this morning the death of Sheriff Bills, an event which took place last evening at half-past seven o'clock. It was not unexpected by the public, since it had been known for several days that he was sinking and not likely to recover. As a man and a citizen Mr. Bills was highly respected; as a public officer he did his duty in a manner that merited the universal commendation he received. Portland has lost a useful citizen and a valued member of her Common Council; Multnomah county is deprived of an executive officer who has been found equal to every duty, and society and the business community have lost a member who possessed the respect and confidence of all. Mr. Bills was a man of robust constitution, and until within the last few days no one appeared more likely to live to a ripe old age. That he should be so suddenly cut off is an event eminently suited to teach us "what shadows we are and what shadows we pursue." He was forty-six years of age. Preparations will be made for suitable testimonials to his memory. The funeral will take place on Tuesday, the order of which will be made known in to-morrow's papers.

The "Organ" Clumsily Defeats its Own Objects.

The Democratic organ, which has been charging our County Commissioners with being "thieves" of the order of Tammany, has committed the fatal blunder of publishing an exhibit of county expenditures, which exhibit completely exonerates those against whom its charges have been brought. Loose declamation and vague charges were its best resource; by printing the exhibit it has knocked from under its structure of denunciation and calumny whatever props may have supported it. Here is the exhibit, which gives a statement of the expenditures of the county for the years ending on the first Monday of July, 1870 and 1871, respectively,—the first named year the county being under Democratic and the second under Republican control:

	1870.	1871.
Circuit Court expenses	$6,606 93	$10,349 02
County do	1,867 15	1,662 25
Prisoners	4,016 97	6,033 61
Paupers	6,101 74	7,489 92
Gas and water in Court House	827 00	930 40
Stationery	240 51	673 08
Assessing and collecting taxes	3,630 85	1,869 67
Insane, examination of	76 00	32 00
Roads and bridges	740 38	2,360 14
Elections	627 00	4 25
Court Houses, repairs on	2,484 43	395 60
Court House, insurance on	430 59	103 64
Sheriff for Jailor	1,500 00	1,429 68
Militia	838 07	1,583 13
Stats cases in J. P. courts	5,907 88	4,815 55
County Commissioners	101 50	393 90
Advertising and printing	112 50	47 50
Overpaid taxes (refunded)	60 72	330 76
Litigation and judgments	4,863 76	731 63
Rewards for criminals and capture		1,119 91
Street improvements		346 56
Furniture		989 00
Total	$45,602 24	$54,475 22

The increase, it will be seen, is $8,833 08. By scrutinizing the items it will appear that the additional expense is more than accounted for by the increased cost of the administration of justice—that is, by the increase of expenses in the Circuit Court and the additional cost of holding prisoners arrested for crime. We have heretofore discussed some of the other items, and need not repeat what was then said. Intelligent and candid citizens will be well satisfied from the above exhibit and comparison that the general management of the county finances is unexceptionable. No management on the part of the commissioners could reduce the expenses of the Circuit Court, which show nearly the whole amount of the increase; for as there is now much more business in that Court than formerly, the expense is, of course, correspondingly greater. But, after all, the increase of expenditure has not exceeded the increase of inhabitants. Nobody doubts that the county is now receiving an addition of two thousand persons a year to its population. The *Herald*, by publishing the above statement of expenditures has simply kicked from under its own feet the foundation on which it hoped to stand. It has said much about "frauds and corruptions," but it cannot specify in the exhibit it has printed a single item of unlawful or improper expenditure of money, unless it charges that amount allowed for a jailor is such; and if this be a "fraud," its own figures show that its own party is more in fault than its opponents. Now that that paper has effectually spiked its own guns, the silly noise it has been trying to make about a "Tammany Ring in Portland," is at an end.

The Cost of Royalty.

Sir Charles Dilke, who is best known to American readers as the author of a very pleasant book of travels, entitled "Greater Britain," has drawn down upon his head the wrath of some of the leading English journals, by a speech in which he minutely estimates what royalty costs. The sum after all is not so large. He shows that the support of the Queen and her family, counting two regiments of horse guards and all the officers of the crown, costs $5,000,000. Louis Napoleon drew nearly twice this sum from France, and the Emperor of Russia has a still larger income. The Queen of Spain had quite as large a one, and the present King, who stipulated that his salary should not be extravagant, receives $1,200,000. This is a very much larger sum for Spain to pay than the five millions which wealthy England disburses for the royal family. Sir Charles complains that a large portion of this sum is wasted in supporting a number of hangers-on of royalty who do no work for their wages. But his principal grievance is that the Queen obtained and keeps a portion of her income under false pretences. When the civil list of $1,925,000 was settled by Parliament in the commencement of the Queen's reign, she was expected to spend a large portion of it in London, and in keeping up a hospitable and splendid court. Since the death of Prince Albert she has lived quietly and saved the money, which used to go to tradesmen. For so doing Sir Charles accuses her of malversation, and hints she ought to have returned the money since she did not spend it. This he considers to have been a disobedience of the act of Parliament under which she enjoys her income. The grievance, therefore, is, not that she gets too much money, but that she does not spend it. She puts by her money as savings, and leaves the people without the spectacle of the splendors they have paid for. Sir Charles Dilke is a republican, and seems to be some grades above the brawling blackguards who talk so much rubbish to interviewers, and threaten to proclaim the republic within five years. They injure the cause of republicanism, and bring republican principles into disrepute, by identifying them with blasphemous ribaldry. Discussing the cost of royalty in the fashion that Sir Charles Dilke has done, is something different. An Englishman always wants to have the worth of his money, and feels himself wronged if he does not get it. Counting the cost of royalty is not a pleasant thing for royal persons, but we live in an age when political economy is a favorite study. And yet it is open to question whether the people of England would gain much in the cost of their government by abolishing royalty. A republic must recommend itself by something better than economy before a people is fit to adopt it; and when royalty is banished, it will be for other reasons than the sum it costs to support the sovereign.

The *Herald* has been making itself utterly ridiculous in charging "frauds and corruptions" in the administration of the affairs of Multnomah county. Nothing whatever is to be gained for its party by these absurd assertions. No sensible person believes that there have been frauds and corruptions, or anything of the sort. The Judge and Commissioners of this county are men whose honorable conduct here for a score of years has placed them above the malignant assaults of adventurers and calumniators, whose honesty, if they have any, has never been proven to the people of this community. The charge that these well known citizens are "thieves" is simply an attempt to gain notoriety and engage attention, and a convulsive effort to make a point, at the expense of truth and decency, for an effete and decayed political party.

Dispatches from Sacramento announce that A. A. Sargent has been nominated by the Republican Legislative caucus at Sacramento for U. S. Senator, to succeed Cornelius Cole. Mr. Sargent is at present member of Congress from the Sacramento District. He is a man of ability and energy, and is known as one of the best working members that has ever represented California at Washington. Last year he supported Senator Williams' efforts in behalf of Oregon railroad interests, when Oregon's Congressman (Smith) took the other side and made common cause with the enemies of our State, just as Grover would do if he were to succeed in getting into the Senate.

A statement is obtaining publicity from Democratic sources that the Grand Jury of Marion county, at its recent session, indicted S. E. May for embezzlement of State funds, perpetrated while he was Secretary of State. A requisition, it is said, has been made for him by Governor Grover, and Mr. Foudray, of Jackson county, has been sent with it to Utah. We are glad that our efforts have succeeded in stirring up the officials to do their duty in this matter. They have been claiming for a year to know that May was an embezzler, and yet neglecting their duty in the premises. Had they acted promptly, the money might ere this have been recovered from May's sureties.

On Saturday the *Herald* had the temerity to express its disbelief in our statement that a certain document put forth as a report of the Grand Jury of this county was not authentic and genuine. This morning we publish a statement signed by five members of the Grand Jury, which sets the matter at rest. If this statement places Mr. Pennoyer in an embarrassing position he has only to thank the superserviceable zeal of the *Herald*. That paper has pressed this matter, and would have the statement that appears in our columns to-day.

Judge Williams' remarks to his friends who called to congratulate him on his appointment to the office of Attorney General exhibit an instance of speaking well on occasions when speech is expected. These remarks, reported in our telegraphic dispatches, are highly creditable to their author. Their manner and matter are suited to the occasion, and the sentiments uttered will show the country that a strong man has gone into the Cabinet.

We judge by the following from the Eugene *Guard*, that that paper is very unhappy. It closes an article on the President's message thus: "Did any other President ever hold such absolute power over the lives and liberties of American citizens? Shades of our patriot fathers defend us from the military despotism set up over us by this would-be tyrant! We shall give this message further attention." When the next blast comes, no doubt the "tyrant" will tremble!

The value of property in Alameda county, Cal., exceeds the value of property in Sacramento county. One other county (besides San Francisco), also exceeds Sacramento, viz: Santa Clara. Total value of property in the State $277,638,134, of which San Francisco has $118,375,980.

The California Legislature has started in to destroy bad laws. Already bills have been introduced to repeal the litigant act, the State paper act, the five per cent. railroad act, and other plundering measures enacted by the Democratic party during its lease of power in the State.

Extracts from an Old Paper.

H. R. Kincaid sends to the Eugene *Journal* a number of extracts taken from *Niles' Register*, which appeared in that paper at various dates in the year 1825. We append a number of the most curious ones:

The National Road, now extending through Ohio, goes on rapidly. Laborers are plenty at *six dollars per month*. They are chiefly Irish. Many more apply for employment than can get it, even at this very low price.

Public debt. On the first day of this month (Oct. 8, 1825) 6,187,000 dollars, of the *principal* of the public debt, were paid off and extinguished—being all that remained of the *six* per cent. stock of the year 1812.

Wonderful. A gentleman lately arrived at the city of New York in *six days and ten hours from Detroit*. This journey may be made in *five days and twelve hours*, and by regular lines of steam boats and stages. If any man had suggested the possibility of this twenty years ago, he would have been regarded as a candidate for some hospital for the insane.

Tennessee. A preamble and resolutions, recommending General *Jackson* as a candidate for the presidency, at the next quadrennial election, has passed both branches of the legislature of Tennessee, unanimously in one branch, and with one dissentient only in the other.

Robbery and Probable Murder.

The following story is told by a correspondent of the *Mountaineer*, who writes from Canyon City:

It has been represented here on good authority, that at a certain time this last summer, a Chinaman stole from a mining claim on Burnt river, a gold boulder, worth fourteen thousand dollars. He was using the diggings on "double quick," when two [disinterested Americans, learning that he was in possession of a valuable prize, overtook him in the mountains and demanded the treasure. The Chinaman "no sabbe" but these fellows did; and made him pungle in less time than he could say "no good Amelican man."

The Chinaman has not since been heard from; one of the white men, very suddenly left for the States, with upwards of seven thousand dollars, although only a few days previous he was not worth a dollar. The other white man, interested in the robbery, has left for parts unknown. The Staten Prison would doubtless be an appropriate for this trio to "meet again."

Card by Members of the Late Grand Jury.

PORTLAND, Dec. 16, 1871.

We the undersigned members of the late grand jury of Multnomah county, state that a document put forth as our report, by Sylvester Pennoyer, was not signed by us. We objected to the document, and told Mr. Pennoyer that we did not intend it should be submitted to the court in the shape in which it was presented. We made no examination of the county records, and do not know whether the figures presented in the document are correct or not.

The document is not a report of the grand jury, but a composition by Mr. Pennoyer, which we as members of the grand jury declined to accept. We went into court for instructions with an understanding that we should return to the jury room with the report and consider the contents thereof. But on the Court's asking Mr. Pennoyer, the foreman, if there was any further business before the grand jury he answered, No, and the Court discharged us for the term.

CITY.

THE LUTHERAN CHURCH FAIR.—On Saturday evening, Armory Hall was crowded with an interested and, at times, excited throng, of people. The voting on the several prizes was closed and most of the articles put up at chance were disposed of. The voting for the award of a cane to the most popular teacher, became very animated as the hour approached for closing the polls. Prof. Pratt, and Prof. Williamson had been all the evening the leading candidates, and strenuous efforts were made by the friends of the respective candidates to obtain votes. Just before the moment of closing—ten o'clock, the money began to pour in on both sides, by twenties, forties and sixties. When the polls were declared closed by Rev. Mr. Weaver, Prof. Williamson was declared the winner, whereupon there was intense excitement. Men pushed through the crowd and shouted against the award, and for a few moments there was indescribable confusion, verging almost upon something more serious. It was claimed that not all the money placed down on the table for votes, was counted, and not a few charged unfairness in the count and the award. It was finally decided that all the money put down for votes should be scored up on the poll books, no matter on which side it had been offered. This being done, the vote was found to be for Professor Pratt, 1,234; Professor Williamson, 1,406. A few of the other teachers had a few votes each. The clamor, which cannot be spoken of more lightly than to call it disgraceful, was finally in a degree quieted, though we understand the defeated partisans of Mr. Pratt are not yet satisfied of the fairness of the award. The award of the jack knife to the "homeliest man in the city," was attended with excellent good feeling all round, though, toward the close the partisans of Mr. Bancroft and Mr. Aiken who were, par excellence, *the* candidates, occasionally indulged in splurges of excitement, as the one or the other was found to be ahead. The knife was finally awarded to Mr. George B. Aiken, he having received 365 votes to 235 for Bancroft. Three hundred and twenty votes were given to those two within the last three minutes preceding the close of the polls. Mr. Aiken, the victor, was congratulated on all sides, till he must have concluded that the people thought he really deserved his triumph. It was a victory, indeed, for the vanquished in the race, several of the homeliest men we ever know—ye three local reporters, for instance. The diamond ring hidden in a cake was won by Mr. James Henderson, Jr. The fruit cake for the "handsomest lady," was carried off in triumph by a Mrs. Eder. We have not space to state in detail all of the awards. The fair will open this evening when all the articles not now disposed of will be sold at auction. No admission fee will be charged at the door.

ATTEMPT AT ROBBERY.—A cotemporary states that at an early hour on Friday morning an unsuccessful attempt was made to rob a store on First street. The burglars, being new hands at the business, made so much noise that they attracted the attention of a young man whose sleeping apartment adjoins the store. Upon hearing the noise, which resembled that of a saw-mill, he immediately sounded an alarm which caused the would-be thieves to take to their heels. In this connection we are requested to state that the young man was in no way frightened, but simply gave the alarm merely as a precautionary measure to let the burglars know that their "little game" had been spoiled, and that any further attempt would prove fruitless.

PROSPECTUS.—The Gale Bros. having succeeded in procuring a complete office, will, on Saturday, Jan. 6th, resume the publication of the *Roseburg Ensign*, (destroyed by fire in September last,) under the name of the *Umpqua Ensign*. The prospectus states that "the *Ensign* will be, as it was, an uncompromising Republican journal, promulgating the policy of the present Federal Administration. It will be enlarged, and with an increased circulation, furnished to subscribers at $3 50 a year invariably in advance."

ELECTION OF OFFICERS.—At a meeting of Portland Royal Arch Chapter, No. 3, F. and A. M., held a few evenings since, the following officers were elected: J. McCraken, H. P.; J. B. Congle, K.; A. G. Walling, S.; C. H. Lewis, C. of H.; H. L. Hoyt, P. S.; H. Saxer, R. A. C.; M. A. King, M. 3d V.; C. F. Wiegand, M. 3d V.; W. W. Francis, M. 1st V.; J. C. Ainsworth, Treasurer; E. F. Goodwin, Secretary; A. P. De Lin, Sentinel.

PARK BLOCKS ELECTION.—The election for the purpose of obtaining an expression of the views of the tax-payers as to the purchase of the Park Blocks has been postponed until further notice. The election, had it not been for this action, would have commenced to-day and continued until Wednesday.

TUGS' TRIP.—The new locomotive intended for the West Side road was taken out yesterday afternoon and run over a portion of the road. Although not as large as the John H. Couch it is very powerful, and on yesterday climbed the high grade on Fourth street without any apparent difficulty.

COLD.—Last night was the coldest and most disagreeable that we have yet had this winter. During the early portion of the evening a high wind prevailed doing much damage to signs, etc. Later, it commenced snowing, with every prospect of a heavy storm.

WEST SIDE ROAD.—We are informed that the laying of the track of the West Side road will hardly be completed before the middle of the week. It was thought at one time that it would be finished by last night, but this proved incorrect.

FATHER MATTHEW SOCIETY.—A Father Matthew Society was organized in this city on Saturday by the election of the following officers: President, E. J. Bryan; Vice-President, Dr. Ryan; Secretary, P. T. Collins; Treasurer, P. Martin.

ALMOST A FIRE.—An alarm of fire was sounded last evening about 7 o'clock, occasioned by the burning of the roof of Lake's stove store, Front street. The fire was extinguished without calling in requisition the aid of the Department.

DEATH OF SHERIFF BILLS.—The bells throughout the city were tolled last night in respect to the memory of Sheriff Bills, who died yesterday evening at half past seven o'clock.

MILITARY.—A company of soldiers belonging to the Twenty-Third Infantry, lately stationed at Fort Lapwai, arrived at Vancouver, of board the *Hayward*, on Saturday.

IN PORT.—The bark *Almy* from San Francisco arrived in port at an early hour yesterday morning. She discharged a quantity of railroad iron at Kalama.

TOW BOAT.—The *Okanagon* has been dispatched to Astoria, where she will await the arrival of the vessels reported off the Bar.

STILL OUTSIDE.—When the *Dixie Thompson* left Astoria, Saturday, none of the vessels reported outside had crossed the Bar.

FOR SAN FRANCISCO.—The steamship *Ajax* is advertised to sail this afternoon at 4 o'clock for San Francisco.

LOCAL BREVITIES.

Philip Goldsmith, a native of Bavaria, was, on Saturday, in the United States District Court admitted to citizenship.

The Tualatin Navigation Company, says a cotemporary, will take an excursion party as far as Hillsboro this week in one of their boats.

A comic singer, engaged at one of the Front street melodeons, was arrested on Saturday, on the charge of stealing a silk hat from the room of Mr. Rice at the Metropolis Hotel.

One Godfrey, a lazy, good-for-nothing fellow, who takes out a miserable existence by stealing anything he can lay his hands on, was sent to the County Jail on Saturday for four months for appropriating a box of chocolate, the property of a First street grocer.

AMUSEMENTS.

ONE FINE THEATER.—This place of amusement will be opened this evening by Purdy & Vincent's minstrel troupe. Among the performers we recognize the names of several who stand high in the profession, and in their line of business have few superiors. The company is composed of the principal members of Emerson's Minstrels, who played the most successful engagement at the Alhambra Theater, San Francisco, of any troupe that has visited the Pacific coast. In point of personnel and talent, this is by far the best troupe that has ever performed in this city.

BUSINESS NOTICES.

MUSIC TEACHER.—Not long since we published a "testimonial" to the excellence of Mrs. M. C. White's system of teaching music, signed by several of the patrons of that lady. Since then we have been called upon by several persons who have engaged her services, who unite in saying that the pupils under her charge really make surprising progress, and in expressing the opinion that though Mrs. White's charges for tuition seem high, they prove in the end to be much less than the same proficiency obtained by pupils under the old methods of tuition. Upon the testimony of her patrons and some of the best authority in the profession, we have no hesitation in saying that Mrs. White has already a deservedly enviable rank among the music teachers of the Pacific coast.

SANTA CLAUS' HEADQUARTERS.—We dropped into McCormick's last week and found his shelves and counters crowded with Christmas goods. Above all things every one should see that large musical box. It is the finest affair of the kind we have ever seen. Read the advertisement elsewhere, then call at McCormick's, and our word for it an hour can be spent there profitably.

COMMERCIAL ACADEMY.—The Board of Teachers at this Institution has been increased by the engagement of Miss Eva A. Ford, the young lady who took the first premium for penmanship at the State Fair. Ladies as well as gentlemen will hereafter be received as pupils. School every afternoon and evening except Saturdays and Sundays.

MERCHANT JEWELERS.—Messrs. Brigham & Beardsley, in the Odd Fellows' building, First street, are new candidates for public patronage as watchmakers. Engraving is a specialty of theirs, and during the holidays persons wanting anything in that line should remember them.

CHRISTMAS PRESENTS.—Those who contemplate making Christmas presents will find something of interest in the advertisement of the San Francisco dry goods store. It is hardly necessary to state that the store is located at the corner of First and Yamhill.

A STARTLING CONFESSION.

The *Bulletin* of Saturday relates that a keg of Syrup and a chest of Tea were stolen from a grocery store on Washington street, but were returned that morning with a label, stating that they were returned on account of inferior quality, &c.

The people at the said grocery store inform us that they were entirely ignorant of the transaction until they read it in the *Bulletin*; and furthermore, they believe all knowledge of the act is confined to that office, where they are so exclusively posted. And it is their opinion that the office had either sold "short" of local items, and thus induced to become "manufacturers," or else took this delicate method of confessing a temporary crime, and a finally triumphant honesty. And the fact that the goods were taken, and returned without the loss being discovered, bespeaks for the taker a hasty and tender conscience, that entitles him to the mercy of the proprietors, for implying that the cause of return was a poor article instead of tender conscience.

In the New York *Herald* we observe an advertisement to the effect that a whole Funeral can be had for $25. Well, that is decidedly cheap; but think of selling suits of Clothing at $18. It is done every day at Kohn & Fishel's, of Front street, where they not only sell suits cheap, but it is so in everything they offer to the public.

FOR THE HOLIDAYS.—By the next steamer will be received at Kast & Richards, Front street, between Alder and Morrison, a large and elegant stock of goods for the holidays. They have a full assortment of winter goods in store and will be happy to see everybody.

On Tuesday last there arrived in this city by the Oregon and California Railroad two men from Long Tom who had come all the way here to purchase suits of clothing from J. O'Neil & Co. They had been reading the OREGONIAN, and found that O'Neil & Co. were selling goods cheap, consequently they journeyed hitherward. O'Neil & Co. supplied them with the star shirt, under clothes, neck-ties and other articles, the parties being satisfied that O'Neil & Co. did the handsome thing with their customers. Go thou and do likewise, at O'Neil & Co.'s, 65 First street.

STYLES JUST RECEIVED.—Gilt Parlor Furniture, Easy Chairs in great variety; Bouquet Stands, Card Receivers, Wall Pockets, Finished in Gilt, Walnut, Ebony, Wax and Marquetry. Call and see the Woven Wire Mattress at HUBGHEN & SHINDLER'S.

WORK of every description in the house finishing line will be done at short notice to the best of satisfaction.

PAUL RICHTER.

As S. L. Stone is closing out at cost his fancy goods, toys and willow ware, this is the last chance to buy cheap.

I say, mister, where is the Postoffice? Why, it is next door to S. L. Stone's cigar and tobacco store.

S. L. Stone is giving more toys and fancy goods for six bits than any house in town does for one dollar.

Everybody says S. L. Stone is selling the best bit and two bit cigars in the city.

Kris Kringle's headquarters is at S. L. Stone's, next door to the Postoffice.

OPEN IN THE EVENING.

To give every one an opportunity to examine our elegant assortment of fine holiday goods we will keep our store open in the evening during the coming week.

Perit and Prstaution,

This is a season that tries the frame and the constitution. If there be a weak spot in either, the chilling damps, the malarious fogs, the varieties of temperature that mark the commencement of the winter season are sure to find it out. There are few systems that have not a weak spot somewhere, and the wisest thing that any man or woman can do is to fortify it by a course of Hostetter's Stomach Bitters, and thus keep the enemy at bay. In war, when a city is menaced the first thing to be done is to strengthen the ramparts. The same policy should be adopted with the human body, when its direst foe, malaria, is abroad. If the stomach is weak, this tonic will lend it vigor; if the bowels are morbidly sensitive, this alterative will regulate them; if the liver is inert, this wholesome stimulant will rouse it; if there is constipation, this aperient will cure it; if there is nervous debility, this nervine will replace it with nervous vigor; if there is impurity in the blood, this depurent will neutralize it; if there is a cloud on the spirits, this exhilarant will dispel it. These are facts that have been demonstrated every day for the last twenty years. Can as much be said for any other medicine—or rather, can as much be proved, for anything may be said by the unscrupulous. Do not accept any of the local bitters sometimes recommended by dealers in lieu of the Standard Restorative.

NEW YORK LIFE INSURANCE COMPANY!

PURELY MUTUAL!

ASSETS ..... $17,000,000!

ISSUED 9,025 POLICIES IN 1870.

Insuring Over $27,000,000!

Wm. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.

AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are:—

1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.

2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.

3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of *over Seven Millions of Dollars*, and the interest on its investments, with premiums on gold, &c., has been sufficient during the past two years to pay accruing losses.

4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.

5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.

6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.

7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.

8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although EQUITABLY claims, are not LEGALLY so. The records of this Company bear many acknowledgments from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly arise, the Trustees simply occupying the position of arbitrators between the members, with no inducement to take from one and give to another.

The *Helen W. Almy* was in tow of the *Dixie Thompson*, and will be up to-night.

A heavy bank of fog was reported hanging over the bar yesterday and to-day, which prevented the vessels reported outside from crossing.

The steamer *Ajax* is announced to leave here for San Francisco, Dec. 18th, and the steamer *California* for Puget Sound and Victoria, Dec. 20th.

The receipts of flour for the past three days have been very large. Why so much is coming forward we are unable to say, unless the greater part is for shipment to San Francisco. The demand at the moment is mostly for the river and local trade.

The following dispatch explains itself:

The Occidental Insurance Company has reinsured all its outstanding risks, for the benefit of policy-holders, to the Commercial Union Insurance Company of London, and goes into liquidation. The People's Company cannot reinsure, and will be wound up by the Commissioners.

A better time for working the Oswego Iron mines could not possibly be chosen than the present. The great demand for Iron in all civilized countries, together with the strikes by the miners in Great Britain, have had the effect to advance prices all over the world. On the Pacific coast the consumption is increasing, and will continue to as long as the population increases, and trade expands. Last mail advices quote the San Francisco market for Scotch Pig at $55 per ton, and Hard Iron at $40@45 per ton.

The demands for Furs in Europe and in the Eastern States, has caused prices to be advanced with expectations that still higher prices will rule during the coming year. The demand is almost entirely for the best quality, which will, in all probability, sympathize with the rise in the better quality. This year's catch of the Hudson Bay Company shows a marked falling off on the catch of previous years, with the exception of Muskrat, which is about double that of last years, but the call from the trade in Europe, is more for Mink than for Muskrat, with the collection of the former less than last year. The Lynx catch is quite small. No report has reached the trade regarding the collection in Canada, but it is supposed to be an average. It is thought by some of the leading Fur houses in N— — —, Portland's great want is manufactures. We — — — said premises itself in this city than — — place on the Pacific coast, and a glance at our position will convince the most skeptical of it. Our position is central. To the North of us is Washington Territory, East, Idaho, and beyond, but still, Montana. The first two territories draw a large part of their supplies from us. Inside of one year the Puget Sound district of Washington Territory and British Columbia will have railroad communication with us. The railroad communication brought in direct competition, not opposition, with the water communications already established, must result in reducing both freight and passage or tariff, and drawing the larger part of the trade of Puget Sound and British Columbia to us. Eastern Washington Territory's trade we have always enjoyed, as also a considerable part of Idaho's, which will be increased by the building of the North Pacific Railroad. The loss of Furs by the fires which swept over Chicago, Michigan, Minnesota, Wisconsin and Indiana this year, will be greatly felt in next year's collection.

It is the intention of that company to commence at the head of navigation on the Upper Columbia, either next spring or at furthermost the succeeding spring, and run East, until a connection is formed with the East-ern end. Until the connection is made and the road constructed down the Columbia river, the N. P. R. R. Co. intend taking advantage of the Columbia river to convey all and everything wanted by the company, or for traders along the line of the railroad to the terminus on the Upper Columbia. It cannot be denied, that, when trade is once established between certain points, it is very difficult to have it center in another direction, particularly so when the merchants, in the metropolis, drawing the trade to it, combine enterprise and wealth and foster manufactures in their midst. The trade of distant points in Idaho and Montana, if once induced to come here by low freight tariffs and quick communication, manufactures here for manufacturing many articles now imported at high rates, would find it to their interest not to leave us. Aside from the almost certainty of an increased trade resulting from the completion of the North Pacific Railroad—provided the O. & N. Co. do not charge too exorbitant rates on the Columbia river—and also the drawing of the greater part of the trade of Puget Sound and considerable from British Columbia, every few months will add, by means of the rapid construction of Oregon and California Railroad, new places to be supplied by us.

From the above showing, which is not founded on mere conjectures, but on certainties, provided our capitalists pursue the right course, it will be seen that manufactures will pay. Not manufactories in the country, which always are mere state agents or branch houses here, but manufactures in our city. There are many articles of merchandise manufactured elsewhere, and imported by us which can and ought to be manufactured on an extensive scale, such as Boots and Shoes, Candles, Refined Sugar, Furniture and many other articles which it is unnecessary for our purposes to specify. There is a sure method of making money which is well known and has been very generally acted upon by those who have acquired great wealth in other cities, and that is, buy land in or around a city and induce manufacturers to build on or near the land by giving them land, and also by aiding them in every manner possible, as the rise in the value of their land remaining, always makes those doing so extremely wealthy.

Produce Market.

OATS—The market rules firm at one quotations. It is thought that by the O. C. R. R. running to Hillsboro will let loose on the market several thousand centals. Of the corresponds of this opinion we are not informed. The Windward, with 2,000 centals on for this market has not up to this writing put in her appearance. We quote — — — at $2 00@2 10 per cental, sacked.

POTATOES—The call from the trade fair with receipts in excess of the demands. The *Almatia* due from San Francisco next week has on about 800 sacks for this market. We quote market for choice at $1 65@2 00 in jobbing lots. Sweet, at 3½c ₩ lb.

BROWNINGS—San Francisco advices state that there is less anxiety manifest to buy round lots, yet the consumptive demand is good for all kinds, and particularly so, as Oregon supplies, as well as those from our own State, are said have been totally destroyed in volume, owing to the drought and consequent high prices of grain and feed the past two years, and it is an admitted fact that no material increase in the Pacific Coast supply of New Potatoes can be reasonably looked for in 1872, consequently, we must look for supplies to Chicago, Cincinnati, St. Louis, Kansas City and other points over the States adjacent to and connecting with the Pacific Railroad.

EGGS—The inquiry is falling off and in consequence with receipts fair prices are also firm. Sales were made to-day at 50@55c ₩ doz.

General Merchandise.

LUMBER.—San Francisco dates of Dec. 8th state that the stock of Pacific Coast lum— is running very light for the sawing; the supply in yards, of Redwood, as well as of Oregon Pine, considerably reduced; thus enabling dealers to exact their own terms. Prices of all kinds are higher. We quote Oregon Pine at $16@28 for Rough and Dressed; Spruce, $17@18; Redwood, $16@30 for Rough and Dressed; Laths, $2 75@3; Shingles, $2 50@2 75 ₩ M.

SUGAR—We note sales in lots of 550 kegs Island, on *Grace Roberts*, at 9@12¾ cts, ₩ lb, to-day.
